WFCS exists and continues to thrive because of our patron families. Your involvement in the life of WFCS is one of the most important influences in maintaining an excellent and affordable patron-run school. This cannot be accomplished by just a few people. In an effort to give all our patrons an avenue to become involved, the Service Committee has designated a minimum number of required volunteer hours for each family. Points may be earned by serving on a committee, assisting in the classroom, and participating in our fundraising efforts.

Point Structure
45 points per family

25 points for :

first year patrons
single parent family
patron with a kindergarten student only
full-time teacher with one or more students enrolled

12 points for:

preschool families

There is a $15.00 fee charged per service point not earned.
Service points are not transferable.

Committee Point Structure
Additional information regarding the various committees will be available at Back to School Night. Please consider signing up for a committee.

The service reports below are used to record your volunteer hours. We ask that you turn your reports in at the office at the end of each quarter. **Committee appointments typically run for a three-year term.**
